- 25X1 14. [ ] Mr. Jerome D. Schaller, Administrative Assistant to Senator Walter Mondale (D., Minn.), called to indicate that he was leaving Senator Mondale's office and suggested I might be interested in stopping by for a cup of coffee to hear further of his plans.
- 25X1 15. [ ] James C. Bolton, Administrative Assistant to Congressman Glenn Davis (R., Wis.), called to indicate that he had to answer immediately some letters from the district on NSA-CIA involvement. Mr. Bolton said the letters were critical of the Agency's relationship with an organization having the political orientation of NSA and were interested in whether the Agency was still funding NSA. I referred Mr. Bolton to the State Department release, Congressmen Rivers' and Bates' joint release, and several columns and reports. Mr. Bolton said the information they contained would suffice for the present, but would appreciate if we would drop off copies to him for his use.
- 25X1 16. [ ] Picked up from Representative Dante Fascell's office a copy of his news release on the NSA matter.
- 25X1 17. [ ] Left for Mr. Allen Marrinson, in the office of Senator Charles Percy, a second copy of the Fiat paper. (See Journal of 17 February 1967.)
- 25X1 18. [ ] Talked with Representative Albert Quie second ranking minority member on the House Education and Labor Committee, regarding a proposed contact with Chairman Perkins of that Committee who had written to us on the RAMPARTS/NSA matter. Mr. Quie gave some helpful suggestions regarding Perkins.
- 25X1 19. [ ] Talked with Senator Stuart Symington concerning the [ ] matter. The Senator said that he had taken the position that he was making no comment on this until after the Senate CIA Subcommittees had met with Mr. Helms. He told me he had talked with the Director earlier in the day and made some suggestions with regard to his appearance before the Subcommittees tomorrow.
- 25X1 20. [ ] Left with Bill Darden, Senate Armed Services Committee staff, a copy of the SUNDAY STAR editorial of 19 February.
